

WORKSHOP: QUALITATIVE DATA ANALYSIS THEORY, PRACTICE AND ATLAS.TI SUPPORT (3 DAYS)

A three-day workshop presented by Prof Minrie Greeff in collaboration with Prof Petra Bester (day 1) and Dr Nicole Claasen (day 2 & 3) from AUTHeR (Africa Unit for Transdisciplinary Health Research) on theory and practice in qualitative data analysis.

<p style="text-align: center;">Day 1</p> <p>Basic principles in qualitative data analysis</p> <p style="text-align: center;">18 September 2019 08:30-16:30</p>	<p>The outcome of this workshop will enable you to apply the generic principles and processes of various types of qualitative data analysis in your research.</p>
<p style="text-align: center;">Day 2</p> <p>Introducing qualitative data analysis with ATLAS.ti 8 (Windows)</p> <p style="text-align: center;">19 September 2019 08:30-16:30</p>	<p>The outcome of this workshop will enable you to prepare documents for analysis, set-up a project, code and explore your data with ATLAS.ti.</p>
<p style="text-align: center;">Day 3</p> <p>Advanced qualitative data analysis with Atlas.ti 8 (Windows)</p> <p style="text-align: center;">20 September 2019 08:30-16:30</p>	<p>The outcome of this workshop will enable you to utilise Atlas.ti's advanced options for qualitative data analysis, such as working with networks and links, querying data, using memos and creating reports, and additional features.</p>

Venue: Building G23, Room 217/218, Potchefstroom Campus.

Cost: R800 for staff per day, R400 for students per day. Coffee, and water will be provided. No lunch will be provided. Individual days can be booked.

RSVP: **9 September 2019:** Limit space available. Register early to secure your place for the workshop. Your booking is only confirmed once proof of payment has been received.
