

AUTHER'S WORKSHOP SERIES 2019

WORKSHOP 1: QUALITATIVE RESEARCH METHODS - INDIVIDUAL INTERVIEWS AND FOCUS GROUPS (2 DAYS)

A two-day workshop presented by Prof Minrie Greeff in collaboration with Prof Petra Bester from AUTHeR (Africa Unit for Transdisciplinary Health Research) on different types of interviews in qualitative data collection.

Day 1 Individual interviews 24 June 2019, 08:30-16:30	The outcome of this workshop will enable you to plan, prepare and to implement various types of individual interviews (semi-structured, in-depth) in your research, including practical tips on interviewing skills, field notes, digital voice recordings and transcriptions.
Day 2 Focus groups 25 June 2019, 08:30-16:30	The outcome of this workshop will enable you to understand how to plan, prepare and to implement different types of focus groups, including practical tips on group facilitation and interviewing skills, field notes, digital voice recordings and transcriptions.

Venue: Building G23, Room 217/218, Potchefstroom Campus

Cost: R1000 (staff), R600 (students) Coffee, tea, snacks and water will be provided, no lunch.

RSVP 14 June 2019: [Click here to book your seat](#) limited space available.

Note: Please bring your own voice recording device to this workshop. Delegates need to participate in both days to get a letter of attendance.

WORKSHOP 2: QUALITATIVE DATA ANALYSIS - THEORY, PRACTICE AND ATLAS.ti SUPPORT (3 DAYS)

A three-day workshop presented by Prof Minrie Greeff in collaboration with Prof Petra Bester (day 1) and Dr Nicole Claasen (day 2 & 3) from AUTHeR (Africa Unit for Transdisciplinary Health Research) on theory and practice in qualitative data analysis.

Day 1 Basic principles in qualitative data analysis 18 September 2019, 08:30-16:30	The outcome of this workshop will enable you to apply the generic principles and processes of various types of qualitative data analysis in your research.
Day 2 Introducing qualitative data analysis with ATLAS.ti 8 (Windows) 19 September 2019, 08:30-16:30	The outcome of this workshop will enable you to prepare documents for analysis, set-up a project, code and explore your data with ATLAS.ti.
Day 3 Advanced qualitative data analysis with Atlas.ti 8 (Windows) 20 September 2019, 08:30-16:30	The outcome of this workshop will enable you to utilise Atlas.ti's advanced options for qualitative data analysis, such as working with networks and links, querying data, using memos and creating reports, and additional features.

Venue: Building G23, Room 217/218, Potchefstroom campus

Cost: Costs: R900 (staff per day), R500 (students per day) Coffee, tea, snacks and water will be provided, no lunch.

RSVP 09 September 2019: [Click here to book your seat](#) limited space available.

Note: For day 2 & 3, please bring your own laptop and have ATLAS.ti (Version 8) installed. Please get in touch with NWU/IT for support.

For more information or support with the booking, please contact Ms Joyce Matsietso (joyce.matsietso@nwu.ac.za, 018 299 2512)
