FACULTY OF  
HEALTH SCIENCES

2021

REGISTRATION AND ORIENTATION  
PROGRAMME

## DEAN'S WORD OF WELCOME

Dear Student

Welcome to the North-West University. It is a great privilege for me to also welcome you at the Faculty of Health Sciences. Thank you for choosing a field within health sciences for your future career.

It is certainly one of the most enriching tasks to make a contribution to the health of fellow human beings. Our Faculty's mission is to properly equip you in your future studies, so that you will be able to actively make a difference in people's lives.

I would like to share with you the following thoughts on your forthcoming study years:

- Make the promotion of health (and your specific occupation) your calling
- Get involved in health issues, your fellow human beings, and the community
- Work constantly (and hard)
- Live a healthy and balanced life
- Be humble, loyal and serve others

To make your study years as pleasant as possible, we kindly invite you to discuss any problems, uncertainties and/or inquiries with your lecturer, subject group leader or programme leader.

Please do not wait for any problem to become too big. It is our pleasure to help with advice and counselling. I believe that this Faculty information guide will provide you with useful information. Please contact us for more information or if you need any further assistance.

May your years of study be a highlight in your life.  
Enjoy every day and opportunity.

Regards in health,

*Prof Awie Kotzé*
