Nursing Service Manager

Dear Colleague

Nursing Practical (Job Shadowing)

The School of Nursing Science at the North-West University (NWU) respectfully requests that you, as the Nursing Service Manager, provide the following scholar/prospective student with the opportunity to undertake practical nursing (job shadowing) within your facility.

This initiative encompasses the following:

- Under the supervision of a Registered Nurse, gain 40 hours (one week) of practical experience in various units/wards.
- Prospective students/scholar should submit a nursing practical (job shadowing) portfolio.

The purpose of the job shadowing experience in practical nursing is to provide the scholar/prospective student with the necessary information to make an educated decision on a nursing career. It should be emphasized that job shadowing is recommended, but not required, for admission to the North-West University School of Nursing Sciences.

Please be aware that the prospective student or scholar is just permitted to observe; no other tasks are permitted.

Kind regards,

Prof. Molekodi Matsipane
Director: School of Nursing
