

# COMPRES PSYCHOSOCIAL RESEARCH

---

## INTERNAL SERVICE DELIVERY

---

### About

Community Psychosocial Research (COMPRES) Service Delivery Unit provides research support and services to researchers and students within the field of Social Sciences and affiliated with the NWU.

Services are delivered by a qualified professional team trained within the field of research methodology and social sciences.

The Professional service delivery team are also constantly keeping abreast with new methodological advances to ensure the best possible service that meets your research needs. The specific focus areas and expertise are listed on the COMPRES website for reference.

### Research Integrity

COMPRES complies with all national ethics and research integrity statutory requirements and work in close collaboration with Faculty of Health, Research Ethics committee (HREC) as well as the research integrity process as stipulated by the Integrated Research Integrity Management system: Faculty of Health Science.

COMPRES is a service delivery affiliated with the Community Psychosocial Research Focus Area: Faculty of Health Science of the North-West University, South Africa.
