Dear Colleague

PRACTICAL SHADOW NURSING

The School of Nursing Science of the North-West University would like to kindly request that you as Nursing Service Manager will grant the following scholar/prospective student an opportunity to do shadow nursing within your facility. This initiative involves the following:

- Practical exposure under the guidance of a Registered Nurse over a period of 40 hours (one week), in different units, if possible;
- Prospective student should complete a shadow nursing portfolio.

The objective of shadow nursing allows the scholar/prospective student to make an informed decision regarding a career choice within the field of nursing and is a recommended selection requirement of the School of Nursing Science of the North-West University.

Please take note that the prospective student is not allowed to perform any duties, only observation.

Kind regards

Dr. Molekodi Matsipane
Director

Dr. Elsabe Bornman
Deputy Director
