

FACULTY INFORMATION GUIDE

FACULTY OF
HEALTH SCIENCES

2022

REGISTRATION AND ORIENTATION
PROGRAMME

DEAN'S WORD OF WELCOME

Dear Student

Welcome to the North-West University. It is a great privilege for me to also welcome you at the Faculty of Health Sciences. Thank you for choosing a field within health sciences for your future career.

It is certainly one of the most enriching tasks to make a contribution to the health of fellow human beings. Our Faculty's mission is to properly equip you in your future studies, so that you will be able to actively make a difference in people's lives.

I would like to share with you the following thoughts on your forthcoming study years:

- Make the promotion of health (and your specific occupation) your calling
- Get involved in health issues, your fellow human beings, and the community
- Work constantly (and hard)
- Live a healthy and balanced life
- Be humble, loyal and serve others

To make your study years as pleasant as possible, we kindly invite you to discuss any problems, uncertainties and/or inquiries with your lecturer, subject group leader or programme leader.

Please do not wait for any problem to become too big. It is our pleasure to help with advice and counselling. I believe that this Faculty information guide will provide you with useful information. Please contact us for more information or if you need any further assistance.

May your years of study be a highlight in your life.
Enjoy every day and opportunity.

Regards in health,

Prof Awie Kotzé

The Faculty Information guide is available in Afrikaans, Setswana and Sesotho and can be found at: health-sciences.nwu.ac.za

WHERE DO I GO WITH MY PROBLEMS?

Student Counselling and Development

<http://services.nwu.ac.za/student-counselling-and-development>

- Psychological services, which include individual and group psychotherapy and counselling
 - Life and leadership skills and personal development
 - Social support services, including HIV/Aids and community-engagement programmes
 - Psychometric assessments for both prospective and current students
 - Career guidance and counselling
 - Enhancing the first-year experience
- (including adjustment to campus life, and general development for first-time entrants)
- Support for students with disabilities
 - Concessions and extended writing time (Potchefstroom and Vanderbijlpark Campuses)

Contact details:

<http://services.nwu.ac.za/student-counselling-and-development/contact-us>

HEALTH CENTRES

Assessment and management of minor ailments

- Referral to other healthcare facilities and NWU services
 - Emergency care (physical care given to patients)
 - Emergency management (the logistics around the available services and the coordination between emergency services and the healthcare centres)
 - Patients on chronic treatment at a government facility can get their chronic medicine delivered to the NWU healthcare centres (terms and conditions apply)
 - Minor surgical procedures such as applying stitches, tending to cuts, or the insertion and removal of Implanon (contraceptive implant)
 - Dispensing of medication prescribed by campus healthcare professionals (no over-the-counter medication sales)
- A range of affordable quick tests such as pregnancy, HIV, blood sugar, etc.
 - Daily laboratory service (blood and other specimens may be taken by a nurse during a consultation)
 - Reproductive healthcare services (for example contraceptives)
 - Health education such as one-on-one talks, radio talks and education with regard to tuberculosis
 - Health screening for chronic conditions and chronic disease management (CCMDD programme) (terms and conditions apply)
 - Screening for blood pressure

Contact details:
