FACULTY OF
HEALTH SCIENCES

Welcome to the **NWU** **Physiology** family

FACULTY OF
HEALTH SCIENCES

Welcoming you today are:

Dr Adriaan Jacobs

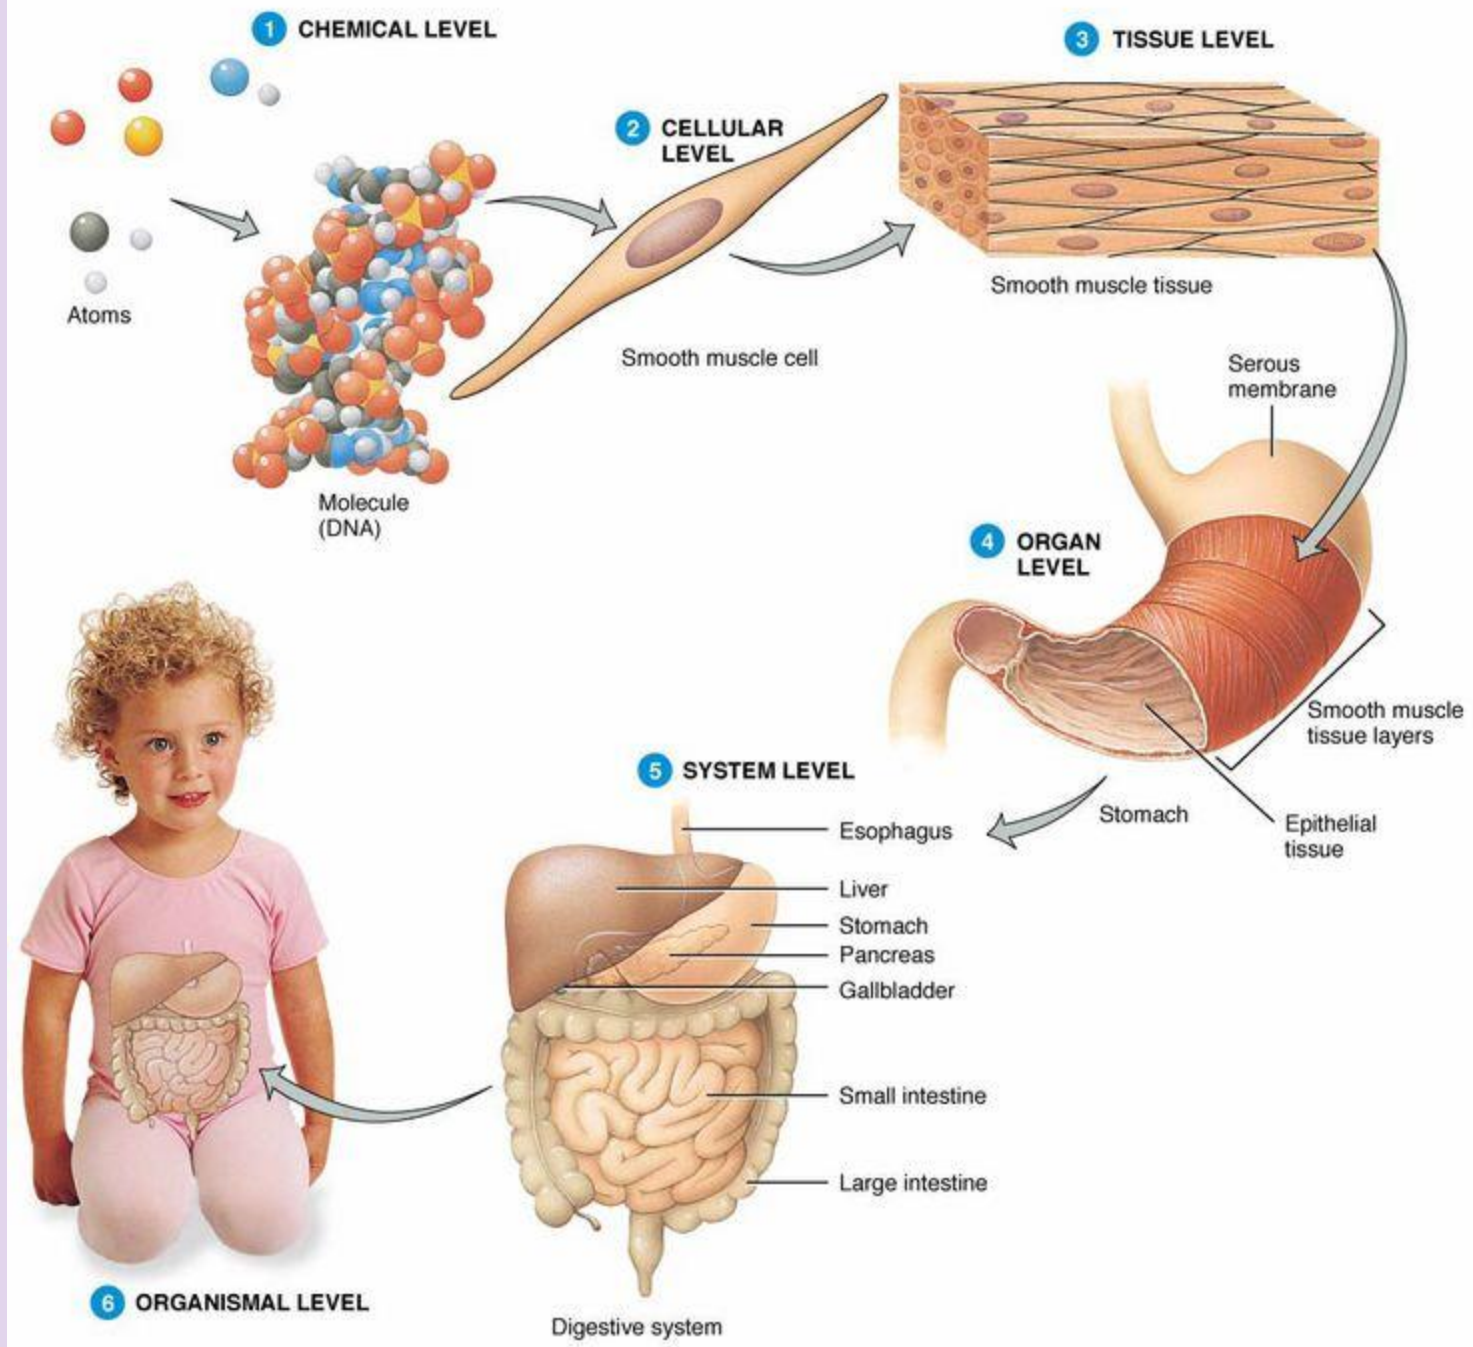

Dr Annemarie Wentzel

What is Physiology?

PROGRAM LEADER: Dr Gontse Mokwatsi

Responsible for assisting with the following:

- Registration
- Curriculum control
- Qualification changes
- Module recognitions
- Approval of additional modules
- Curriculum advice and guidance
- Any academic matter related to your program

E-mail: gontse.mokwatsi@nwu.ac.za

Phone: 018 299 2489

Office: F12-104

SUBJECT LEADER: Prof Yolandi Breet

Responsible for assisting with the following:

- Any matter related to a Physiology module or staff member
- Physiology practical matters and Practical exemption
- Tracking of student progress and at-risk students

E-mail: 21195706@nwu.ac.za

Phone: 018 299 2442

Office: F12-116

ADMINISTRATIVE ASSISTANT: Mrs Corlé Conradie

If you are unable to reach Dr Mokwatsi or Prof Breet, or for general assistance:

E-mail: Corle.Conradie@nwu.ac.za

Phone: 018 299 2433

Office: F12-122

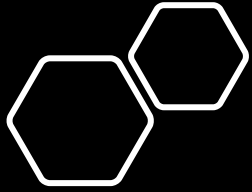

Congratulations, you were accepted for either...

- **Physiology and Psychology**
- Qualification code: 8DJ H02
- Program code: G301P

• **OR**

- **Physiology and Biochemistry**
- Qualification code: 8DJ H01
- Program code: G301P

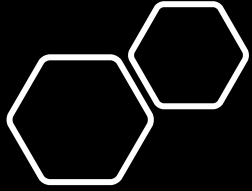

**Online Registration
process:
Module selection**

If you were accepted for

**PHYSIOLOGY AND
BIOCHEMISTRY**

Select all of the modules listed in the table when registering on the online system.

JAARVLAK/ YEAR LEVEL 1		
Eerste/First semester		
Module-kode/code	Kr/Cr	Mod. tipe/ type
ALDA/E111#	-	A
**FLGX113	12	H
FSKS113	12	X
MCBN111	12	X
MTHS114	12	X
NCHE111	12	X
Tweede/second semester		
ALDA/E122#	12	X
**FLGX123	12	H
MCBN121	12	X
MTHS124	12	X
NCHE121	12	X
TOTAL Credits	120	
** FLGX 113 prerequisite for FLGX 123		

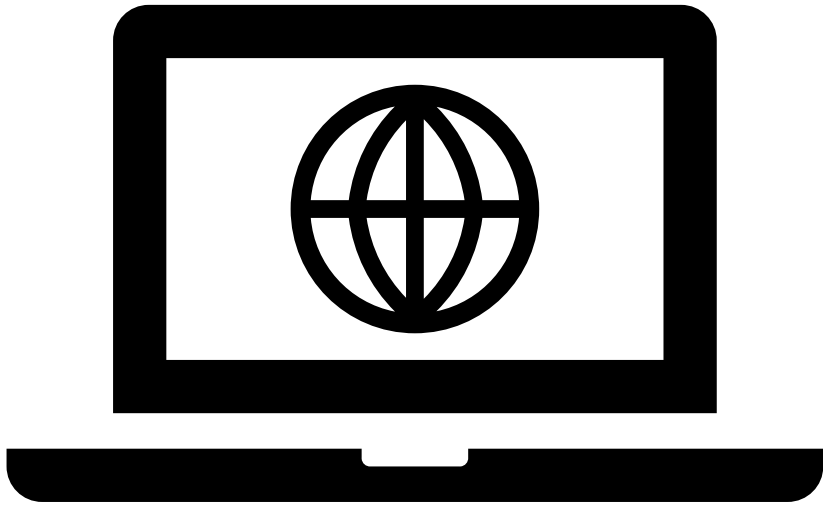

**Online Registration
process:
Module selection**

If you were accepted for

**PHYSIOLOGY AND
PSYCHOLOGY**

Select all of the modules
listed in the table when
registering on the online
system.

** FLGX 113 prerequisite for FLGX 123		

Useful links

The NWU Centre for Teaching and Learning Student support page (<http://services.nwu.ac.za/KeepOnTL/students>) provides various resources that can assist you throughout the semester, including:

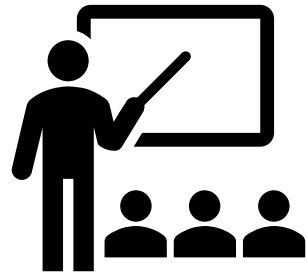

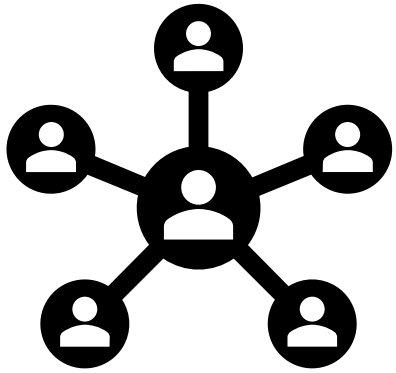

- The contact information of the Teaching and Learning Technologies Helpdesk
- eFundi tutorials for students
- Contact details for academic advisers
- Latest trending news
- Information on how to adjust your study habits, assessment, and many more...

Useful links

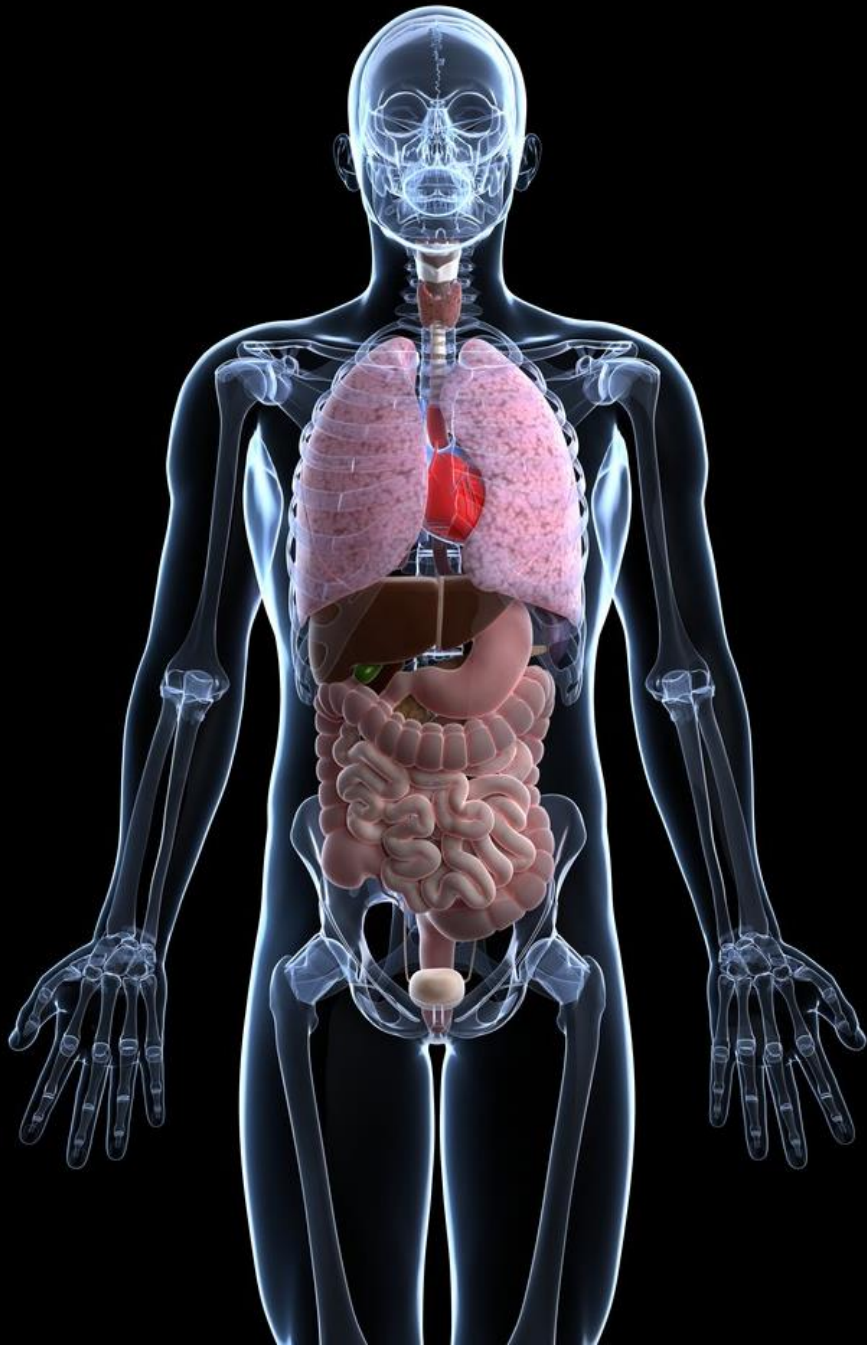

The Student Counselling and Development (<http://services.nwu.ac.za/student-counselling-and-development>) professional services are rendered to students by professional members of staff qualified in psychology, counselling, social work and psychometry. Some of the services offered includes:

- Psychological services, which include individual and group psychotherapy and counselling
- Life and leadership skills and personal development
- Social support services, including HIV/Aids and community-engagement programmes
- Psychometric assessments for both prospective and current students
- Career guidance and counselling
- Enhancing the first-year experience (including adjustment to campus life, and general development for first-time entrants)

Physiology teaching package

1. Self-directed learning eFundi platform (with smaller assessments)
2. Experiential learning practical sessions
3. Supplemental instruction (SI facilitation)
4. In-person meetings
5. Other communication opportunities (eFundi messages, Chat, Discussions)
6. Assessments

Career opportunities

- A Physiology degree provides you with the foundation needed for many careers within the health sector.
- Physiologists mainly work in education and research institutions (such as in universities and universities of technology as lecturers and researchers, in high schools as teachers in Life Sciences, the South African Medical Research Council, medical schools, etc.).
- They can also work in research laboratories, in the pharmaceutical industry, in pathological companies, and in clinical trials monitoring companies.
- Your Physiology degree also prepares you for postgraduate studies and a career in research.

**All the Best with your
academic career!**
